

## ADVANCED CHEESE BELT (ACB)

FROM OUR INNOVATIVE LINE OF CHEESEMAKING EQUIPMENT.

Our systems are proven to increase yields, ensure greater product quality and deliver higher profits.

Advanced Cheese Belt (ACB)  
Advanced Draining Belt (ADB)  
Advanced Salting Belt (ASB)

*Large enough for any project but still small enough to care.*

We design for your plant's specific needs, focusing on performance, reliability, service and support.

## Advanced Cheese Belt (ACB)

Designed for stirred curd or matted cheese varieties, our ACB ensures sanitary processing.

Includes:

- Agitators
- Automated Belt Alignment
- Pre-Salt and Condiment Capabilities
- Curd Wash Application

## Advanced Draining Belt (ADS)

Separate free whey from stirred or matted cheese curd with minimal residence time.

Includes:

- Agitators (optional)
- Automated Belt Alignment
- Pre-Salt and Condiment Capabilities
- Curd Wash Application

# Advanced Salting Belt (ASB)

Our ASB ensures effective and uniform salt additions.

Includes:

- Agitators
- Automated Belt Alignment
- Multiple Salt Additions
- Condiment Capabilities
- Allows mellowing and residence time between salt applications

## Advanced Salt Dosing System

Accurately measure salt onto your cheese belt using our unique salt application formula and recipe program.

The ASDS features:

- Automated salt refill to individual salt hopper
- Earth magnets to ensure product integrity
- Pneumatic salt transfer
- Wide range of salt volume capabilities
- Secondary confirmation of salt usage

From conceptual design through commissioning, APT has the talent, size and experience to integrate dairy plants from milk receiving through the entire cheese making process in your new or existing facility.

APT occupies over 100,000 sq ft of state-of-the-art manufacturing and production space in Minnesota, Idaho and California to better serve the United States and Canada. APT is and always has been committed to customer satisfaction. For nearly two decades, we have helped customers grow their business and profits. Perfecting performance and increasing efficiencies is a standard goal of APT's Products and Services.
